

GARY R. BRATTON - RESUME

10079 133rd Street North • Seminole, Florida 33776

(727) 252-9084 • GaryBratton@gmail.com

Contract Programmer Analyst

Highly regarded and skilled technology professional with 25-plus years experience in directing, designing and developing software systems for leading corporations in multiple industries. Accomplished project manager/developer who excels at creating strategies that outline client objectives and coordinating with off-site teams to ensure successful execution. Creative planner known for streamlining procedures to increase system efficiency and reduce costs. Excellent communication skills and the ability to foster strong relations in both virtual and on-site environments. Prolific user of top computer languages and technologies. A self-starter with a strong entrepreneurial spirit who motives teams to exceed expectations.

PROFESSIONAL EXPERIENCE

BRATTON & ASSOCIATES LLC, Seminole, Florida • 2007-Present

Contract Programmer

Direct, design and implementation of frameworks, back end, database, and UI for large companies across multiple industries. Coordinate with client's design teams to create project initiatives, including use of applications, coding data collection methods, database schemas, framework coding, and UI coding. Manage overall project development and monitor quality control and roll out procedures to ensure on-time delivery and meet customer's expectations. Current in Joomla, Drupal and WordPress modules, plugins and customization.

Key Highlight:

Delivered 18 projects in 12 months. - (Please see attached portfolio)

Clients include Blackberry, Eureka, Fortified Roofing, Woman's Day Magazine, Car and Driver Magazine, MyHollywood, Maxim, and dozens and dozens of others located across North America.

Developed projects, and created extensions for Drupal, WordPress, Joomla, Smarty, Cake and and other frameworks.

Coded large conversion projects that include a relocated 12 host-based sites into client's own server system, saving \$90,000 annually in system service charges.

Often called in near the end of others projects to "polish" and resolve issues prior to roll out.

STERLING RESEARCH GROUP, INC., St. Petersburg, Florida • 2005-2007

Regional market research company that focuses on the gaming and financial industries.

Director of Information Technologies

Led daily software development operations and technical services department initiatives. Coordinated with sales, service, and administration regarding technological projects. Directed JAD meetings to plan projects to client specifications. Managed recruiting and hiring of programming staff. Created processes to combine multiple systems into a single manageable unit.

Key Highlights:

Streamlined in-house software environment from 2 different languages to single code base.

Introduced new survey system utilizing VOIP and Automated Voice Response, which increased volume by approximately 40 percent and raised sales and clients by 30 percent.

Built specification system to enhance communication between clients and developers to ensure successful project completion.

Reduced errors by implementing software repository and roll out procedures.

Initiated quality control department and system to improve production standards.

HOMES.COM, Tallahassee, Florida • 2003-2005

National Internet-based real estate listing service with 140 employees.

Product Manager

Directed the collecting and documenting requirements to rebuild company software system. Coordinated interfacing efforts between Jordan-based and in-house development teams. Supervised quality control standards. Led software and code testing procedures.

Key Highlights:

Organized JAD meetings to assemble project requirements and ensure proper execution.

Developed virtual meetings to promote stronger communication between teams.

Introduced process schedules and benchmarks to increase productivity and meet deadlines.

CONTROL SYSTEMS INTEGRATORS, LLC, Tallahassee, Florida • 2001-2003

Manufacturer of Palm Pilot and Pocket PC-based scheduling and job control software for the construction industry.

Director of Research and Development

Oversaw initiatives to produce internal systems required to move product to market. Managed the design, architecture, purchasing, and installation of all product-related systems and services. Designed user interfaces, data structures, and communication techniques for remote applications.

Key Highlight:

Developed 4 major product releases with an 18-month period.

INTEGRATED SERVICES GROUP, INC., Clearwater, Florida • 1988-2001

Privately-owned company that outsourced computer services for local medical, legal, and real estate companies and not-for-profits. Annual sales of approximately \$1 million.

Founder and Owner

Organized meetings with clients to define, outline, and manage IT projects to specific allocations to ensure on-time delivery and proper execution. Initiated both interfacing and on-site IT staff services. Launched and supported more than 30 custom software projects.

Key Highlights:

Fostered outsource relationships with 65 clients in multi-operating systems in various work environments and locations.

Led in-class and on-site training courses for clients to increase computer service education and support procedures.

EDUCATION

Bachelor of Science in Engineering candidate

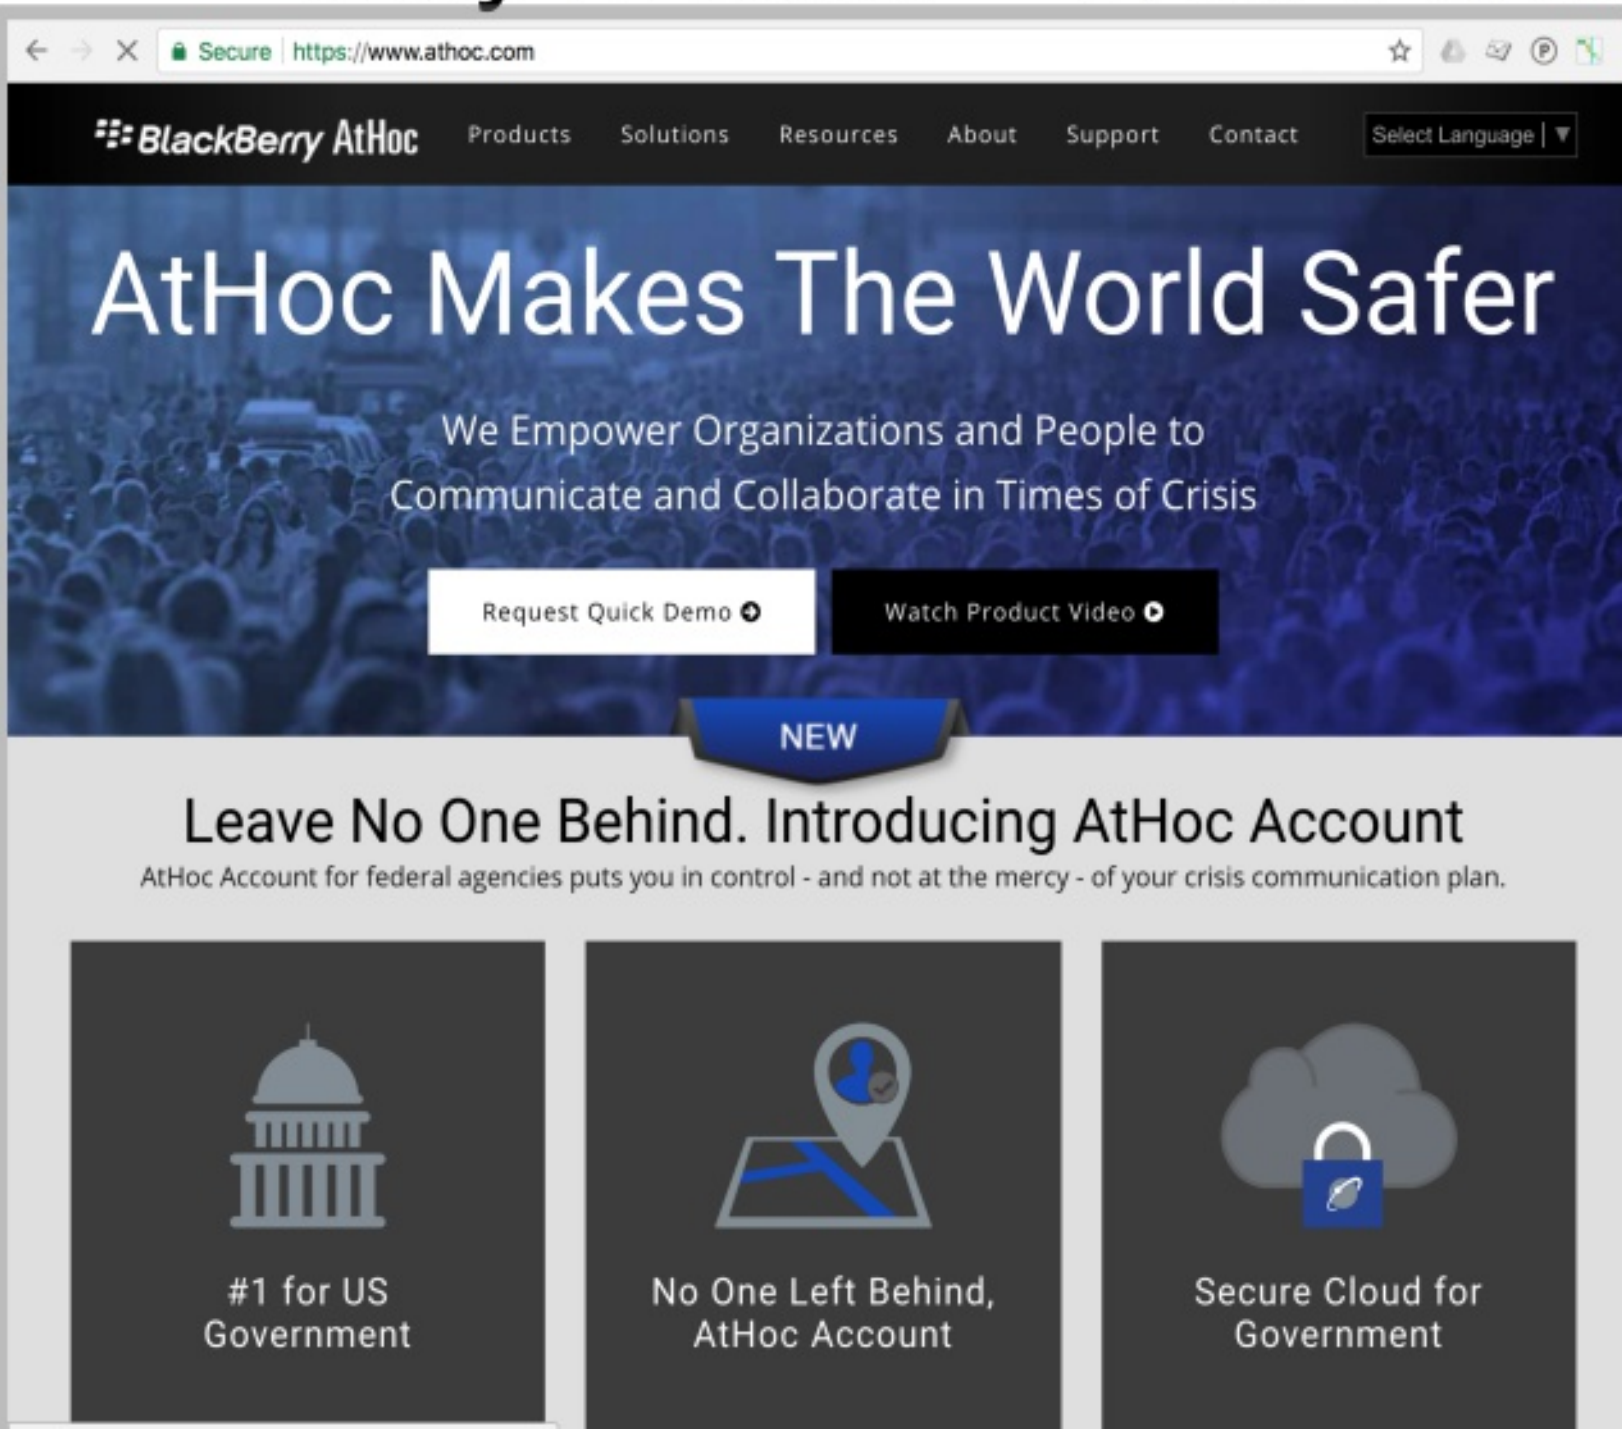

Warner Pacific College, Portland, Oregon

University of Washington, Seattle, Washington

COMPUTER LANGUAGES

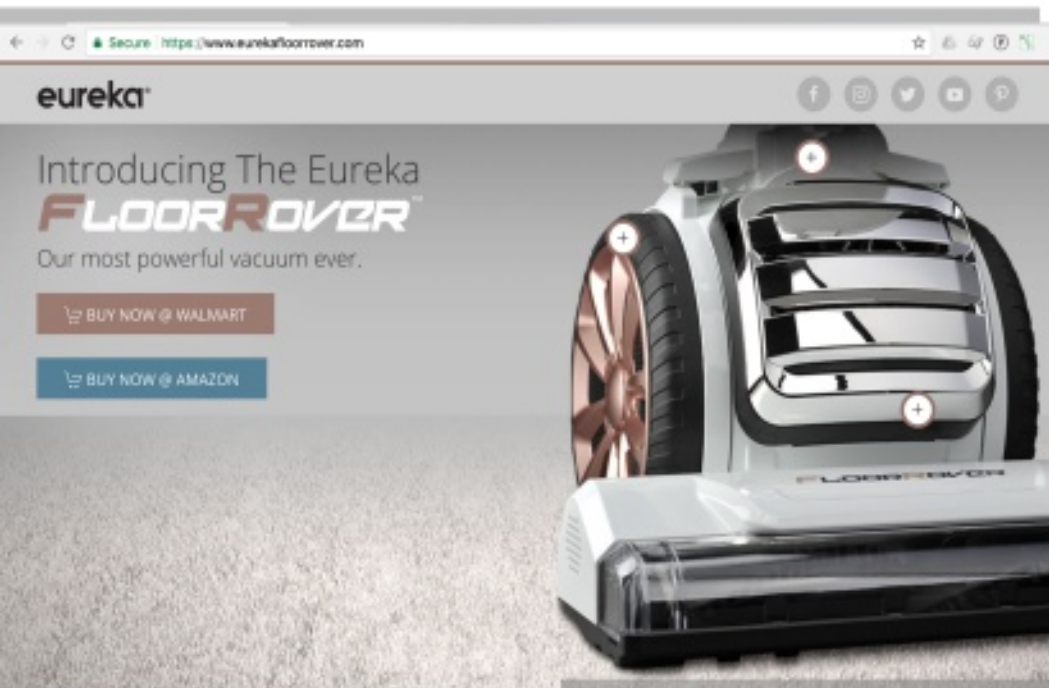

PHP, React, VB, ASP, C#, Access, .NET framework, JavaScript, CSS, AJAX, FLEX, Cold Fusion,Flash, Codewarrior C, Java, JSP, XML/XSL, MySQL, MS IIS, MS Project, Visual Studio, Source Safe SVN, UML, MS XP, NT, Mac OSX, UNIC (SCO), LINUX, VOIP, Novel, Drupal, Joomla, WordPress, Smarty

Gary Bratton – Web Portfolio

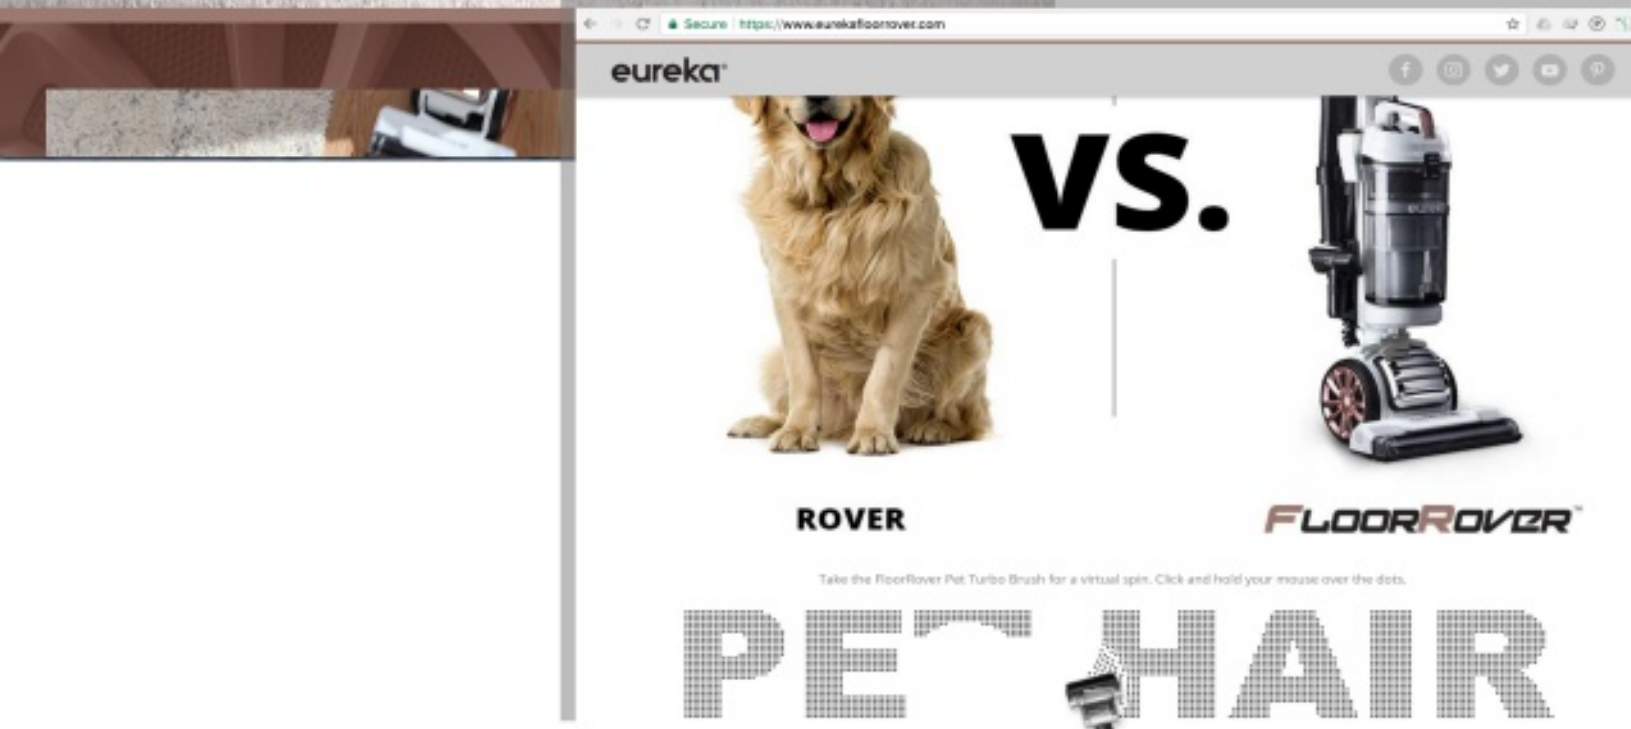

The first section of this portfolio is a collection of recent web development projects. Most of these were designed by others or in-house designers, and then the custom code, modules, plugins, databases, and other data sources were coded by me.

AtHoc is a BlackBerry company. This site integrates with multiple other service applications including Salesforce, and Pardot.

- This is the home page for the new Eureka Vacuum site.
- The second screen shot shows an interactive JS vacuum cleaning "game" that shares the sight and sound of the FloorRover attachment with the website guest.
- Several companion web apps were also created for the companies NASCAR season.
- Developed in WordPress.

The screenshot shows the Fortified Roofing website. The browser address bar displays "Secure https://www.fortifiedroofing.com". The site header includes the company logo, navigation links (HOME, ABOUT US, RESIDENTIAL ROOFING, BLOG, CONTACT), and a search icon. A dark banner at the top right says "FREE Estimates Click to Call Us Now! (855) 444-3678" with social media icons. The main content area features a large image of a house with the text "Fortified Roofing Quality, Value, Protection" and a paragraph: "Having a roof over your head is not an option. But you do have options for having a quality roof at a great price." Below this are three badges: "LICENSED INSURED No. NJ 13VH0008770", "LIFETIME WARRANTY", and "GAF Master Elite". To the right is a "FREE Quick Estimate Request" form with fields for Full Name*, Email*, City, Phone*, State, and Zip Code*, and a Message field, followed by a "SUBMIT REQUEST" button. A vertical social media sidebar is on the right. At the bottom, a video player shows a roof with the text "What Makes a Roofing Company" and "Reliable Roofers: Fortified Roofing For Large or Small Jobs".

The image shows a comparison of two website designs for 'Good Old Boat'. The background is a screenshot of the original website from 2007, and a newer design is overlaid on top.

Original Website (Background):

- Header:** Navigation links for CONTACT US, REVIEW COPY, and SITE MAP.
- Logo:** 'GOOD OLD BOAT' with the tagline 'The sailing magazine for the rest of us!'.
- Advertisement:** 'SAILORISM T-SHIRTS' for \$18.00.
- Menu:** SUBSCRIPTION/RENEWAL, RESOURCES FOR SAILORS, BOOKS & GEAR, READER SERVICES, WRITERS GUIDELINES, ADVERTISER SERVICES.
- Sub-menu:** CLASSIFIEDS, FIXER-UPPER SAILBOATS, CONSIGNMENT STORES, VIDEOS, OWNERS' ASSOCIATIONS, SUPPLIERS' DIRECTORY, BOAT IDENTIFIERS.
- Content:** 'WELCOME ABOARD' banner, 'CURRENT ISSUE' section with article teasers (Shirley Jones, Robb Lovell, Mazza, DIY: Roger Hughes, Thompson, George Cuthbert, Gary Bratton, Ed Zacko), and a sidebar with 'Subscription/Renewal Services', 'Resources for Sailors', and 'Books & Gear'.

Newer Website Design (Overlay):

- Header:** 'GOOD OLD BOAT' logo and a navigation bar with links: Classified AD Section, Buy Back Issues, Archive EExtracts, Logo Gear, Audiobooks, Music, EBooks, Free For Sailors.
- Shop Section:** A yellow-bordered area with a 'Shop' title and a welcome message. It features a grid of product images: Buy Back Issues, Archive eXtracts, Logo Gear, Audiobooks, and a section for 'January/February' with 'Print: December' and 'Digital: November'.
- Search:** A search bar with a magnifying glass icon.
- Current Issue:** A section titled 'CURRENT ISSUE' with 'Sneak Peek' and 'Subscribe' buttons, and an image of the magazine cover.
- Footer:** 'MANAGE MY ACCOUNT - ACTIONS'.

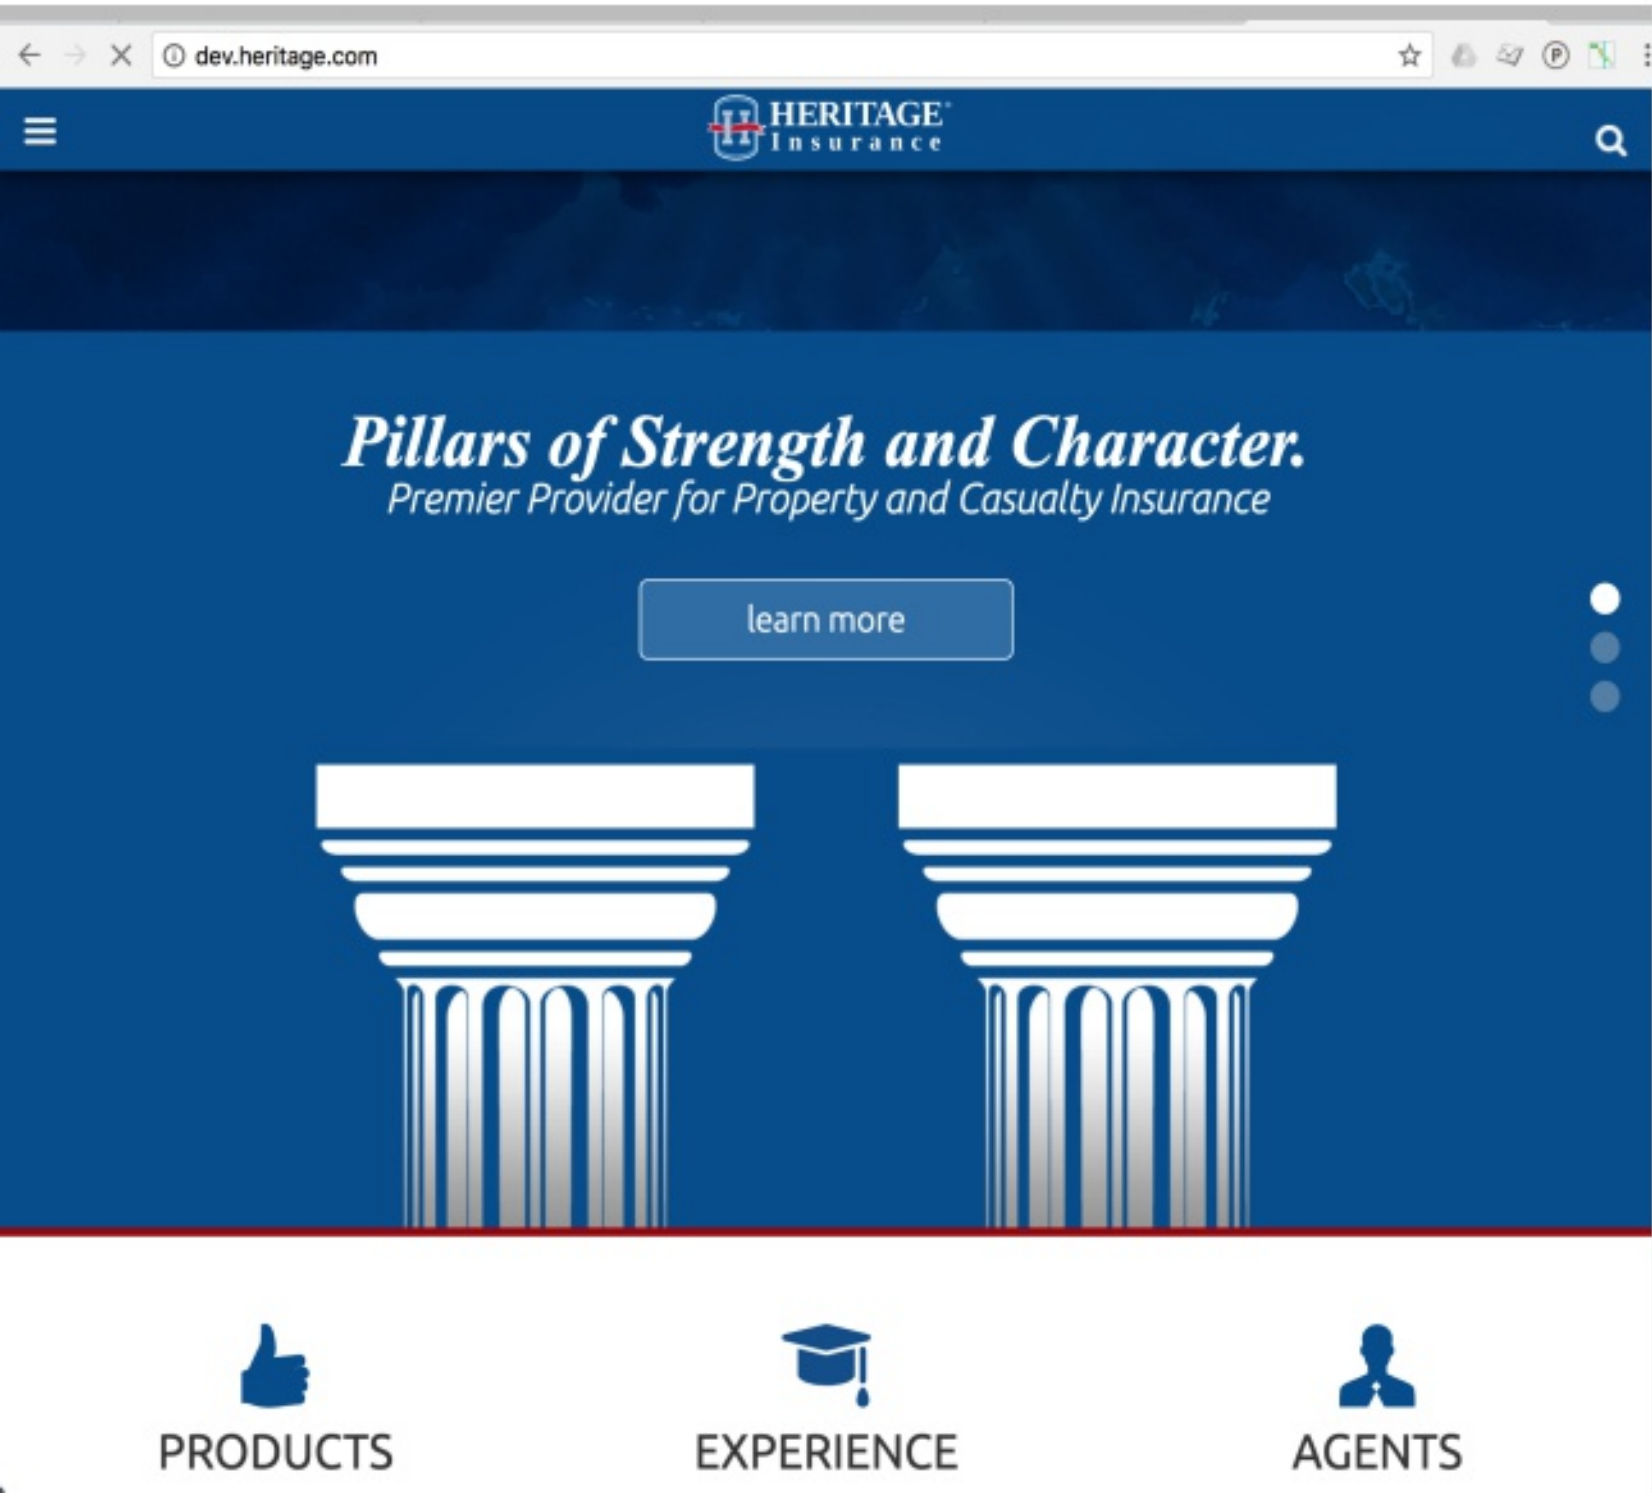

- Good Old Boat Magazine needed many major updates to their custom PHP based site.
- In addition to the updates and hundreds of code fixes, we converted the Magento online store to a WordPress – WooCommerce based store..

- Heavy scripting required to build a series of data collection forms, with wizard type interfaces.

- Another highly technical and interactive set of data collection forms and custom databases.
- Wordpress based site.

- Yet another highly technical and interactive set of data collection forms and custom databases.
- Wordpress based site.

This site required extensive logic to handle different products sold in different way in all 50 states..

Wordpress based site.

ACCREDITATIONS

The image shows a screenshot of the ELLEgirl website. The top banner features a Reebok advertisement with the text "RUN vs TRAIN" and "ROLL OVER TO EXPAND". Below the banner is a navigation bar with "GAMEgirl" and "More Games". A sidebar on the left lists categories: FASHION, BEAUTY, ENTERTAINMENT, MY LIFE, GAMES, HOROSCOPES, MY ELLEgirl, WIN, VIDEO, MOBILE, and NEWSLETTER. The main content area displays a list of games, including "12 S...", "360 S...", and "3D L...". A browser window is overlaid on the page, showing the URL "http://www.graychair.com/ellegirl_jcp/" and the page content, which includes a "get that look" section with a "Digital Look Book" and a "Behind the Scenes Blog". The browser window also shows a search bar and a "Sign in/out" button.

Created a massive game collection for Elle Girl Magazine.

Re-write for Movie magazine site.

Hollywood startup site with huge collection of javascript dress-up games.

Gary Bratton – Facebook and iDevice Apps

The screenshot shows a Facebook profile page for Gary Bratton. The Facebook interface includes a top navigation bar with links for Profile, edit, Friends, Networks, and Inbox, and a right-hand navigation bar with links for home, account, privacy, and logout. On the left, there is a search bar and a list of applications including Photos, Groups, Events, Blender Crossed Paths, and Maxim-Makeover. The main content area is overlaid with a Blender.com 'CROSSED PATHS' app. The app has a dark header with the Blender.com logo and a search bar. Below the header, there are links for Home, Add Event, My Events, My Scrapbook, and All Crossed Paths, and a 'Powered by Blender.com' notice. The app's main content area is divided into two columns. The left column, titled 'Hi Gary!', contains a message about finding social events and a form to fill out a 'Crossed Paths' form. The right column, titled 'WERE YOU THERE?', features a collage of photos and a 'LIVE BROADCAST' section. Below the main content area, there are two sections: 'LATEST' and 'SCRAPBOOK'. The 'LATEST' section lists three events: 'Event Added - you added KISS on March 9, 1985 at Winnipeg Winnipeg, Canada', 'Event Added - you added Led Zeppelin on April 27, 2007 at Richfield Coliseum Cleveland, Ohio', and 'Event Added - you added KISS on January 31, 1973 at The Coventry Queens, New York City'. The 'SCRAPBOOK' section shows a photo of a sunset over water. Below the photo, there is a 'Tags' section with the tag '3 rooker' and a 'FIND EVENTS' section with a search bar and a list of artists including Cachagua Playboys, Cadillac Sky, Caetano Veloso, California Guitar Trio, Calvin Harris, and Camper Van Beethoven.

BLENDER.COM CROSSED PATHS

Home | Add Event | My Events | My Scrapbook | All Crossed Paths Powered by Blender.com

Hi Gary!

Have you ever wondered who else attended that Hendrix concert in April of 67? Well Blender would like to help you find the places where you have socially "crossed paths" with others.

How:

Fill out a Crossed Paths form for any social event that you have attended. Every time you return to this page, we will show you the other people that you have Crossed Paths with.

Put Blender Crossed Paths in your profile, if you haven't already!

WERE YOU THERE?

MAXIM.COM

Hi Gary!

Maxim would like to invite you to get a "Maxim-Makeover" for you and your friends!

Rules:

For every friend you submit for a makeover, you will receive a point. You will also receive a point each time a friend submits you for a makeover. Every 10 points will move you up the hottie scale. You can only submit your friends once a week (healing time your know), and no more than 10 friends per day.

Make my friend Hotter: Start typing a friend's name

Put Maxim Makeover in your profile, if you haven't already!

These are the friends you have given makeovers to:

Mark Krynsky 0	
Russell Foltz-Smith 82	
Linda Haley	
Jason Bourne 8	

The hottest of the hot!

One of several Facebook apps for Maxim Magazine

An early Facebook
